Comments

10. Aspects of the class which you liked and those which you think need improvement:

Liked the PowerPoint Presentations and sample programs. Maybe a little more time on flow charting. I liked the entire class.

11. The extent to which lecturer was responsible to the class (e.g. punctual, held class for full scheduled time, returned graded work promptly, made up canceled classes):

Good job in all areas here.
 The teacher was always on time.

12. Participation of students is an integral part of the learning process. Briefly comment on the student participation in this class (e.g. completed reading prior to class, turned in assignments on time, carried their "load" in class activities and group projects):

Seemed we all partook into the class and gave presentations too.
 Students always participated.
