| 7. The course content added to my knowledge, ability, and skills | 4.67 |
| 8. Readings from textbook were assigned to support the class | 4.67 |
| 9. The course was interesting, stimulating, and challenging | 4.83 |

Comments

10. Aspects of the class which you liked and those which you think need improvement:

None

PowerPoint slides were helpful

Great class enjoyed all of it

I liked the TCP/IP info, a lot of good info.

Teacher came prepared and used slides to aid subject matter.

Presentation slides were helpful, showed content vital to course. Flash slides very good.

11. The extent to which lecturer was responsible to the class (e.g. punctual, held class for full scheduled time, returned graded work promptly, made up canceled classes):

Very

Faculty was responsible

Full class schedule, prompt grading

Faculty member was punctual, held class for full time.

Classes were always held on time and instructor always prepared.

12. Participation of students is an integral part of the learning process. Briefly comment on the student participation in this class (e.g. completed reading prior to class, turned in assignments on time, carried their "load" in class activities and group projects):

Less than normal

Students participated frequently

All were given chance to participate. One group project.

Students carried load in class projects of activities. Turned assignments in on time.

Class members seemed genuinely interested in participating fully.

13. Other comments:

Learned a lot of good information.

Challenging course. I was not knowledgeable on most subjects taught in class. I learned a lot.
